

ONO Brewing Company- Semi-private large party reservation Information and FAQs

The information below is for large party reservations during business hours. Other customers will be present and will have shared access to the self-serve beer wall. Please contact cyndi@onobrewco.com if you would like information about renting the entire facility for a private event.

- 1. Do you have a private party space and how many guests can you accommodate at Ono?** Our tasting room has 115 seats and 139 person max capacity. Our entire tasting room is available for completely private parties or a portion of the tasting room can be reserved for an event during regular business hours. We have two areas of our tasting room that are connected and open to the rest of the tasting room that are available to reserve for large parties. The max we can accommodate indoors without a full buyout while social distancing requirements remain is 50 people on the weekends and 60 people Sun -Thurs. The max we can accommodate outdoors without a full buyout is 90 people. Rental rates will be based on how many tables you wish to reserve and which day of the week/time of request (See chart below).
- 2. How much does it cost to have an event at Ono?** Our pricing is based on how many tables/seats you need and the day of the week/time of request. The pricing below is for a **2-hour rental** and includes a non-refundable deposit to hold the tables and a beverage tab minimum for on premises beverage consumption during the event. (To-Go sales will not count towards the event sales minimum. Food sales are separate and do not count towards the minimum.) We will do our BEST to have the tables ready at the start of your event, but there may be times there is a slight wait as we continue to move guests as needed to clear out all reserved tables. A credit card will be collected at the beginning of the event and if the beer tab minimum is not met, the difference will be charged as a "rental fee" to the credit card on hold. The deposit will be credited back to the beer tab before any rental fee is charged. If more than 2-hours are desired for your event, the beer tab minimum will be adjusted on a case by case basis.
- 3. Do you have outdoor space available to rent? Is it heated? What is the rain plan?** We do have outdoor space and it is highly sought after and usually is first come-first served. We have been allowing groups of 10 or more to reserve outdoor tables. We have two types of spaces available for reservations outside- open air picnic tables and one covered patio area called the "Beach Shack". Reservations for outdoor picnic tables can be moved to an indoor location in the event of rain if the customer calls early in the day to make that request. The Beach Shack is a 500 sq ft covered patio with 20 barstools, bar top tables and standing area to accommodate up to 30 people. It has vinyl sides that can be rolled down in inclement weather. We do have plans to add some heaters that should be installed by early-mid November (you can call for an update). One side of the Beach Shack will always remain open to the air to allow other customers to pass through the back side to access tables on the far side of the patio, so it is not completely sealed off on all 4 sides. The heat will not be "indoor heat" level but the heaters and the vinyl sides for wind block should take a significant amount of the chill out of the air, but this is

an OUTDOOR space and you should expect that on the coldest days, jackets and possibly gloves will still be needed.

INDOOR OPTIONS

Location	Capacity	Fri/Sat after 3pm Deposit /Beverage tab minimum	Tues-Thurs,Sun & Fri/Sat before 3pm Deposit/Beverage tab minimum
Side area near front entrance	2 long tables - 16 seats	\$25/\$150	\$25/\$100

(Rain plan to open garage door to brewery and let guests stand/mingle inside brewery production area)	\$50/\$1250	\$50/\$1000

- 4. How is the beer tab handled with the self-serve beer wall?** There are several ways we can handle the “beer minimum” beer tab.
- We can make several beer cards to be left in a basket at your table(s) to be shared by all guests age 21 and over. The cards can be set with an internal limit set to the beer minimum amount, if you desire a set budget. Once the pre-loaded amount has been spent, the party host can choose to have guests start their own tabs at that point or the host can opt to have the limit increased by adding more value to the cards once the minimum has been met.
 - We can make several beer cards to be left in a basket at your table(s) to be shared by all guests age 21 and over that can be left as “open tabs” and any amount consumed over the “beer minimum” will be charged to the party host’s credit card.
 - We can make individual beer cards with a set limit per card and the host can give cards to each guest for individual use. (For example, \$20 per person per card). These cards are active for one day only and the cards must be collected back at the end of the event.
 - Guests can pay their own individual beer tab by opening up a personal beer card with a credit card. Any shortage from the amount consumed and the “beer tab minimum” for the event will be charged to the party host.
 - In every case, beer cards will need to be collected and returned at the end of the event. A \$3 per card “lost card fee” will apply for any beer cards not returned by your guests.
- 5. What happens if fewer guests attend the event than expected?** We reserve and hold the number of tables and make plans, which may include extra staff, based on the amount of expected guests you tell us. If fewer guests show up than expected, you are still obligated to pay the agreed upon “beer tab minimum” at the time of reservation. Please inform us at least a day in advance if your expected number has changed significantly.
- 6. What happens if more guests attend the event than expected?** We reserve and hold the number of tables and make plans, which may include extra staff, based on the amount of expected guests you tell us. If more guests show up, we will make our best attempt to accommodate them, however, there is no guarantee for extra seats beyond those reserved. If we do add extra tables to the party area, the “beer tab minimum” will be adjusted accordingly.
- 7. What food options do you have?** We have a full-time caterer at Ono who operates a food service business in our tasting room. Odd BBQ serves delicious meals/snacks to our customers daily and has an extensive catering menu for large and smaller groups for pre-orders. There is a small private room next to the large party rental area that parties can use for any purchased food from the caterer that is included for the first party that requests the room and reserves the space near the front entrance. Additional food tables will need to be included in the guest table count if you desire to use a table to set up for food only. The only outside food allowed to be brought in is a cake or similar dessert option.

8. **Can we bring in wine?** Wine/outside alcohol is not allowed on the Ono Brewing premises, per our ABC license. Please note that this includes any gift items. Alcoholic gift items are not allowed on our premises. There are options for wine to be served for full buyout rentals only.
9. **What if I need to cancel our event?** Please do call to inform us of a cancellation. The deposit is non-refundable, however, due to the fact that we had blocked that date/time from other potential customers.
10. **What if we are late for our event?** If your group is going to be late, please call ahead to inform us. Your 2-hour reservation window begins at the previously agreed upon time, whether your group is there or not. If your group does not arrive within 15 minutes of agreed start time, and no call has been received, the tables will be released and the the deposit will not be returned.
